JEROME IS FACING DIFFICULT PROBLEM

District Attorney Will Cross-Examine Mrs. Thaw.

TRUTH OF STORY NOT AN ISSUE

The Point in the Case Is Not as to the Truth of Mrs. Thaw's Stories, but as to Their Effect on Thaw's Mind.

New York, Feb. 11.—The nature of District Attorney Jerome's cross-examination of Evelyn Nesbit Thaw, who has already spent two days on the witness stand in the defense of her husband, was the principal subject of discussion Saturday. Mrs. Thaw's direct examination has continued almost without interruption for two days and there is no sign of the climax, the moment when the attorneys for the defense will turn her over to the tender mercies of the District Attorney for cross-examination.

The district attorney has a difficult problem to face in this cross-examination. With the truth or falsity of stories the witness has testified, she told her husband, he has nothing to do. The statement that she told him these things, Mr. Jerome cannot possibly disprove. His strongest chance in cross- examination is to make her stumble in the story as she has told it with the gentle guidance of her husband's attorneys, or admit telling him other things about her past life which would tend to minimize in his mind the effect of the story of her relations with Stanford White. He can introduce evidence, if he has it, generally affecting her credibility as a witness, but as for the many statement in her testimony—the stories which made her recital perhaps the most striking ever heard in a court in this city—Stanford White himself, if he were alive, could not go on the witness stand and deny them. The point in the case is not, as to the truth of these stories, but as to their effect on Thaw's mind. This fact was impressed on the jury Friday when the court, at the request of the District Attorney informed the jury that under the law the prosecution could not introduce evidence with the object of disproving any statement that she told her husband all the things she has testified to. That Mr. Jerome will strenuously object to the further introduction of what he termed "tattlings of the Tenderloin" was plainly shown Friday, when he claimed and was sustained by the court, but as yet there has been no evidence to show that Thaw is now or ever was insane, and that until this was shown any more of these stories would be entirely immaterial. This ruling may bear any other stories that Evelyn Thaw may have had to tell in such time as it has been shown that there is a reasonable doubt as to the proper balance of Thaw's mind at the time of the shooting.

If this is done, then the flood gates are likely to open for the admission of almost anything that Thaw may have told his wife or she told him, or that he heard in any other way that to any extent might have contributed to the unbalancing of his mind. Several attempts were made Friday to show that Thaw was of unsound mind, but the district attorney was successful in blocking them for the time being. Thaw's attorney stated Friday night that Mrs. Thaw would again assume the stand Monday morning on direct examination, but to what she would testify, they were not prepared to state.

Mrs. Thaw appeared Friday fn the same costume she wore the day before. Her testimony was not so interesting or so convincing, for she was as direct in her manner of speaking and more dramatic in her delivery. any observed that she did not make as favorable an impression as she did during the fire day on the stand.

It is expected that r. Delmas, counsel for Thaw, will make a effort on Monday to introduce will in evidence. It is a remarkable document and is believed to be strongly relied on by Mr. Delmas to show the effect on Thaw of the stories related to him by Evelyn Nesbit. It is said to have been written on loose sheets of paper, partly typewritten and partly in handwriting, with many interlineations.

According to a report Saturday, the will is expected to show that Thaw feared assassination, and it is said that in it he ordered the sum of $50,000 be devoted to the prosecution of his assassin, or the investigation of his anticipated assassination.

Other provisions is one setting aside a fund of $75,000 for the care of women who he believed to have suffered through Stanford White. The names of the women whom Thaw believed to have suffered are reported to be given in the will. It is also reported that the will contains a provision for the education of Howard Nesbit, Mrs. Thaw's brother, and that an alowance was made for the care of Evelyn's mother for life. The income for the remainder of the estate was bequeathed to Mrs. Evelyn Thaw.

Revolt Against Castro.

New York, Feb. 11.—General Antonio Paredes, who is reported to have landed at Pedernales, Venezuela, to begin a revolt against President Castro, sailed from this port on December 22 last, for Trinidad. About a month ago, when he tried, with 60 of his followers, who had seen service in Venezuela, to start his expedition from Trinidad, he was intercepted by the British authorities. He thereupon went to a point in French Guiana, whence he embarked. Pedernales, where he landed, is a small town in the state of Maturin, in the eastern part of the country. Paredes, it is said, has 3,000 rifles and a million cartridges. His agents here declare that he expects to rally an army of from 5,000 to 8,000 men.

Contempt for Americans.

New York, Feb. 11.—General Loynas del Castillo, acording to a Havana dispatch to the Herald, at a meeting of the Liberal party, held Friday night, protesting against increasing the rural guard said in a speech: "Every time I see an American I have contempt for him. I cannot bear to look at the Stars and stripes waving unjustly over the Cubans. If, some day, Cuba is to fight, it will be with Americans. Not until then will I accept the chieftaincy of the rural guard."

Denied the Use of the Mails.

Ottawa, Ont., Feb. 11.—The postmaster general has been asked to deny the use of the mail to all local papers which printed the details of Thursday's evidence in the Thaw trial in New York. The postmaster general said he had not read the report in the newspapers mentioned, but the law was clear on the point, and he would see that it was enforced. Any newspaper publishing filthy evidence of a trial in court, said he, would be guilty of a misdemeanor under the Canadian law.

Differences Satisfactorily Adjusted.

Philadelphia, Feb. 11.—The difference between the Pennsylvania railroad and its firemen, it is understood, have been satisfactorily adjusted. The firement are not to get an advance in wages, but the working schedule will be so arranged that their work will be easier, as was done in the case of the engineers. The company is still negotiating with the train men.

He Leaves 139 Descendants.

Sophio, S. C., Feb. 11.—Mark Johnson, aged 89 years, died at the residence of his son near Kerksey, in Greenwood county, South Carolina. He was the father of twelve children and is survived by one hundred and thirty-nine descendants. He leaves eight children, fifty-eight grand children, sixty-nine great grand children and four great-great grand children.

Disturbances Have Been Suppressed.

London, Feb. 11.—The Financial News publishes a dispatch from Buenos Ayres which states that the disturbance in San Juan has been suppressed by federal troops. An arbitrator, it is stated, has been appointed to settle the differences which started the uprising.

SIX MEET DEATH IN TRAIN WRECKS

Two Train Wrecks Occur In Alabama.

SEVERAL PERSONS ARE INJURED

Crash of Freight and Street Car at Birmingham Kills Four—Passenger Train Wrecked Near Pratt City, Killing 2 and Injuring 15 Others.

Birmingham, Ala., Feb. 11.—Four persons were instantly killed and seven hurt as the result of wild cars shifted by a Southern freight train crashing into a crowded street car Friday night at 7:15 o'clock at the crossing at Twenty-seventh street and First avenue.

The following is the list of killed and injured:

A. S. King, Woodlawn, killed.

J. Cavena, Woodlawn, employed by the Hiss Transfer company, killed.

Alex Simpson, Woodlawn, employed at a grocery store, killed.

One unknown dead.

Those injured are A. J. Scott, of Woodlawn, not seriously hurt; J. M. Lindsay, of Woodlawn, a boy, not badly hurt; Mr. Blackshaw, badly injured; Joseph Brantley, badly injured; Mr. Watkins, hurt. J. A. Young, of Woodlawn, badly injured; A. E. Milner.

The engineer of the freight train formerly lived in Atlanta, on Luckie street, near Harris. His name is R. L. Carnes. He says that he had a heavy train of coal cars, and that the cut broke loose accidentally and struck the street car.

The street car, which was a trailer, was filled with people returning to their homes at East Lake. It was turned completely over and pushed for a great distance in this position.

Many accidents have happened at the Twenty-seventh street crossing, which is regarded as a veritable death trap.

The car company has plans drawn for a viaduct at that point.

Birmingham, Ala., Feb. 11.—Passenger train No. 203 on the St. Louis and San Francisco railroad from Memphis, due here at 3:30 a. m., and running late, was wrecked near Pratt City, Ala.

Two were killed and 12 or 15 persons hurt.

Returned Without Treasure.

San Francisco, Feb. 11.—Captain F. A. Errarat, who accompanied the expedition which left here three months ago on the steamer Arago to search for the $3,000,000 in gold supposed to be buried with the hull of the steamer Golden Gate on the coast of Mexico, returned on the liner Peru without any treasure. The men of the Argo expedition built a pier out to the wreck, rigged powerful pumps, and on Jan. 1 were all readyy to begin pumping out sand and gold, when a storm swept the beach and carried away their pier and most of the gear.

Heart of Chinatown Wiped Out.

New York, Feb. 11.—The heart of New York's Chinatown was officially wiped out at Friday's meeting of the board of estimates when a new park was authorized. It is understood on the block bounded by the Bowery, Doyers, Pell and Mott streets. Much of the property is owned by Chinese firms and individuals. The tract includes the Chinese theater, the Chinese joss house, in which most of the Chinese worship, and has long been considered the most picturesque spot in the city.

Saved Life of Marquis.

Rome, Feb. 11.—Queen Helena, according to a statement current here recently saved the life of the Marquis Calabrini, the King's equerry. It appears that the king and queen were hunting at Castle Porsiano, and owing to the cold a bonfire was built. In some manner the clothing of the marquis caught fire. Everybody lost presence of mind, except the queen, who tore the burning parts of the marquis' clothing away, choking the flames with her skirt, and not heeding the danger to herself.

YOUNG WOMAN COMMITS SUICIDE

Melancholia Is Given as Cause of Her Act by a Coroner's ury.

Atlanta, Feb. 11.—Suffering from melancholia, Miss Allene Jackson, 25 years of age, the daughter of Mr. and Mrs. A. M. Jackson, of 399 Fraser street, committed suicide Friday night in the bathroom of her home by shooting herself through the right temple with a revolver.

When Miss Jackson, who was a stenographer for the Commercial Acetylene company, in the Equitable building, arrived home she appeared to be in good spirits. She went immediately to the bathroom, and about thirty minutes later her mother, passing the room, entered and found her lying on the floor with her life blood oozing from a pistol ball wound in her right temple. Lying beside the young lady's unconscious form was a 22-caliber Colt's revolver, the report of which had been heard by no one. A physician was hastily summoned, but the unfortunate woman nexer regained consciousness, dying shortly after the discovery of her almost lifeless body.

Later in the night Coroner Thompson held an inquest, the jury returning the verdict: "Death from a gunshot wound inflicted by her own hand. Cause: Melancholia."

For some time past Miss Jackson has been suffering from nervousness, and on Thursday was unable to go to her business duties. Friday, however, she went to work at noon, and appeared to be in excellent spirits.

Miss Jackson was a cultured and refined young woman, and her self-destruction is attributed to mental depression induced by ill health. She is survived by her parents and one brother.

Sympathizes with Newfoundland.

Ottawa, Ont., Feb. 11.—Mr. Lewis West Huron asked Premier Laurier in the house Friday to make a declaration of sympathy with the people of New Foundland in their troubles with the United States over the fisheries. Premier Laurier said that it was with some hesitation that he consented to make a pronouncement on the subject. The question is now before the colonial office, he said, and British diplomatists are not handling the matter in a way satisfacforily to Newfoundland. Sir Wilfred Laurier briefly reviewed the fishery question and said the Newfoundland troubles might any day become those of Canada. The Canadian people, therefore, sympathized with the people of Newfoundland. But whatever difficulty there was to be settled, he said in conclusion, they would be settled by peaceful means and never by the arbitrament of war.

Count Boni Makes Appeal.

Paris, Feb. 11.—The rumor that Count Boni Castellane has appealed from the decision of the courts last November granting a divorce to his wife, who was Miss Anna Gould, of New York, is confirmed. The period under the French procedure in which such appeal appeared on behalf of the count prevents the decree from becoming definite on that date, thereby keeping alive Count Boni's hope of reaching an agreement until an appeal is finally decided. The notice does not state the grounds of the appeal, and probably several months will elapse before the matter comes up before the courts.

Professor Charles Garman Dead.

Amherst, Mass., Feb .11.—Professor Charles E. Garman, of Amherst college, died Saturday. He was a professor of moral philosophy and metaphysics. He was 57 years old.

Female College Burns.

Knoxville, Tenn., Feb. 11.—The Centenary Female college building at Cleveland, Tenn., was burned early Sunday morning. No casualties reported thus far.

Washington, Feb. 11.—Congressman Rixey, of Virginia, died Saturday morning. He is a brother of Surgeon General Rixey, of the United States navy.

Meyer Enroute to Paris.

Rome, Feb. 11.—George L. Myer, the retiring American ambassador to Russia, left Rome Saturday for the city of Paris.

NINE LOSE LIVES ON TORPEDO BOAT

Engineer and Eight Stokers Burned to Death.

AUTOMATIC DOOR FAILS TO ACT

Another Tragedy Added to Records of the French Navy—Boat Was New and Undergoing an Examination.

Lorient, France, Feb. 11.—As a result of an explosion on the torpedo boat No. 339 of the French navy, 9 men are dead and two men are injured.

Torpedo boat No. 339 was launched but a short time ago, and at the time of the accident she was undergoing, prior to being placed in commission, her full power steam in the roadstead. A technical naval committee wa son board at the time. The trial was successful, but as the boat was returning to her anchorage a safety tube, forming part of the evaporation apparatus, burst, and as a result a mass of flame was forced into the stoke hole where the engineer, a quartermaster and nine stokers were at work. Th engineer and eight of the stokers were instantly burned to death. Their bodies were practically reduced to cinders. The other stoker was severely injured.

The quartermaster succeeded in escaping from the hold with superficial burns only.

The reason for the accident is that the automatic doors that should have closed to prevent the return of the flames to the stoke hold did not work.

Whereabouts of Murderer Revealed.

London, Feb. 11.—A dispatch to the Telegraph from Milan says that the earthquake has revealed the where abouts of a Florentine, whose name is not given, but who was sentenced some years ago to penal servitude for life for the murder of two soldiers. The men escaped and could not be traced. His name now appears in a list of those who were injured in the earthquake. It is stated that he lived in San Francisco for some time, and has accumulated a fortune. His extradition will be asked for.

Mistrial In Youth's Case.

Gainesville, Ga., Feb. 11.—A mistrial resulted in the case of the state against 14-year-old Harry Strickland, charged with the murder of his brother, Newton Strickland. The jury was out several hours. The jury was discharged. Either an extra session may be called or the boy will have to remain in jail until the next regular session of court, unless he makes bond. The mother of the boys pleaded justification for her son who did the killing. She said he had been cruelly treated by his elder brother, as bruises on his body went to show.

Top of Head Was Shot Off.

Raleigh, N. C., Feb. 11.—At Vaughn, N. C., Henry Dickerson was killed by James Harris, the top of his head being blown off by a load of buckshot. The men met in front of a store and quarreled. Dickerson swore at Harris, who said: "If you curse me again, I will kill you." Dickerson repeated the offensive words and Harris, who had a shotgun in his hands, fired point blank at Dickerson epeated the offensive fect in the upper part of his face.

Strikers Will Resume Work.

Fougeres, France, Feb. 11.—The striking boot and shoe workmen have agreed to resume work, twenty-two of the factories having agreed to a slight increase of wages. The bitter quarrel between the workmen and the factory owners has lasted many months, during which time several hundred of the strikers' children took refuge in Paris.

Jackson, Miss., Feb. 11—A special dia to the News from Newton says that H. . Jenkins, the man who was recently horsewhipped by Judge Cochran, has filed an affidavit charging the Judge with common drunkenness. The warrent has been sent to Meridian for service.

...LLMAN ARRESTED ON PEONAGE CHARGE

Was Taken from Lynch Mill by United States Marshal Rose.

PREPARED TO GIVE BOND

...illman Has Been Working for Sever a Months as Woods Foreman at Lynch Mill—Arrested by Government Officer and Taken to Jacksonville.

Another case of alleged peonage has come to light in this section, United States Marshal Rose of Ocala having arrested at the mill of John P. Lynch, near Fairbanks, on Monday morning, one Thomas Hillman, charged with peonage.

Mr. Lynch, who was in Gainesville Monday, related the incident, stating that Hillman would be taken to Jacksonville on the afternoon train, but that he would secure bond immediately.

Mr. Hillman has been employed by Mr. Lynch in the capacity of woods foreman for several months. Mr. Lynch did not give out the nature of the case nor the specific charge, but said that Hillman would furnish bond promptly for his appearance at the proper time.

...NATIONAL WINTER BIBLE CONFERENCE WAS OPENED ON SUNDAY AFTERNOON

Large Audience Present to Greet Dr. Strouse and His Workers.

ADDRESSES WERE IMPRESSIVE

Local Pastors Made Encouraging Remarks, Followed by Addresses from Prof. Brown and Dr. Gwilym—Dr. Gwilym in the Evening.

The third annual convention of the National Winter Bible Conference, of which Dr. Clarence B. Strouse, the eminent evangelist, is the founder and president, opened Sunday afternoon under most encouraging auspices, many visitors from various sections of the country, who have been attracted to Gainesville by this Conference, being in attendance. The Tabernacle was about two-thirds filled, there being a few less than 1,800 present.

The afternoon session was opened by a half-hour song service by the choir, assisted by the audience. Dr. Strouse presided, and made a few impressive opening remarks. He stated that while he was conducting a meeting in Atlantic City recently, he was taken ill, and his prayer was that he should recover sufficiently to be present at the opening of the Conference. God had been good in answering his prayer—as He is good in everything else. He predicted that the present session of the Conference would prove the greatest and most successful of them all.

Following Dr. Strouse, opening remarks were made by Rev. S. B. Rogers of the First Baptist Church, Rev. T. J. Nixon of the First Methodist Church, and Prof. J. R. C. Brown of Virginia, who will have charge of the Bible lectures during the season. Prof. Brown's remarks were full of interest. He stated that he was glad the Bible Conference followed as closely the religious meetings which have just closed here, because the possibilities for success were much greater.

At the conclusion of Prof. Brown's remarks Dr. Strouse presented the eminent Episcopal divine, Dr. D. V. Gwilym, of New York. Dr. Strouse remarked that an introduction of this distinguished preacher to a Bible Conference audience here was unnecessary, as he had appeared on the rostrum before a Gainesville audience before. He paid the highest tribute to Dr. Gwilym as a Christian and a worker, and he felt sure the presence of Dr. Guilym would prove a blessing to the Conference.

Dr. Gwilym spoke for about thirty minutes. He had no particular theme, his remarks being of a general nature, in which he expressed himself as being grateful for another opportunity to be here. "I have been attracted to the city for two reasons," he said. "The first is, my very high respect and esteem for Clarence Strouse, and the second, which is almost as equally important, is the love I have for your beautiful city and its people, which I inherited upon the occasion of my first visit here, and which I have since cherished."

Dr. Gwilym held the closest attention of hearers, and his address was highly appreciated.

The meeting closed with prayer and singing of hymn 146.

Evening Session.

The evening service began at 7:30 o'clock with song service by the choir, which was considerably larger than in the afternoon.

The Tabernacle was well filled at this service, as it had been announced that Dr. Gwilym would deliver the first of a series of stirring sermons.

After the singing there was a prayer by Rev. T. J. Nixon, followed by brief addresses by Rev. F. H. Craighill of Holy Trinity Episcopal and Rev. T. P. Hay of the Presbyterian churches. They were followed by Dr. Gwilym, who delivered a most interesting discourse on the subject, "The Recognition of an Opportunity; or, Christ's Cure for Social Ills." The speaker, as usual, was eloquent and impressive, and his remarks showed that he had lost none of his magnetism since his visit to the Conference two years ago.

Monday's Services.

On Monday morning at 11 o'clock services were resumed at the Tabernacle. The morning sermon was delivered by Rev. David V. Gwilym, being the first of a series on the theme, "The Epistle to the Romans in Relation to Modern Thought." Dr. Gwilym, as usual, held the attention of the audience with the deepest interest for forty-five minutes.

In the afternoon the exercises began with a song service of half an hour, after which Prof. J. R. C Brown delivered a lecture on the Bible, which was very instructive.

In the evening the sermon was delivered by Dr. G. L. Hanscom, the eminent Congregational evangelist, who is one of the finest speakers who will address the Conference at this session. Dr. Hanscom's remarks are pointed and effective, and the large congregation at the evening service were greatly impressed.

Services will be held today in the morning, afternoon and night.

CATARRH PREPARES THE SYSTEM FOR CONSUMPTION

While Catarrh in its first stages usually affects the head, it does not stop there if the trouble is allowed to run on. The contracting of a cold is generally the commencement of the unpleasant symptoms of ringing noises in the ears, nose stopped up, mucus dropping back into the throat, hawking and spitting, etc. The inner skin or mucous membrane of the body becomes inflamed and secretes an unhealthy matter which is absorbed into the blood, and Catarrh becomes a serious and dangerous blood disease. Every day the blood becomes more heavily loaded with these poisonous secretions, and as the poisoned blood constantly passes through the lungs they become diseased, and often Catarrh terminates in Consumption. Sprays, washes, inhalations and such treatment do no real good, because they do not reach the poison-laden blood, where the real trouble lies. The only way to cure Catarrh is to purify and build up the blood. S. S. S. has been proven the remedy best suited for this purpose. It goes down to the very bottom of the trouble and removes every trace of impurity from the circulation, freshens this life stream and, as this healthy blood goes to every nook and corner of the system. Catarrh is driven out and a lasting cure made. The inflamed membranes and tissues heal, the secretions cease, the head is cleared and the entire system renovated and put in good condition by the use of S. S. S. Write for free book which contains valuable information about Catarrh and ask for any special medical advice you desire, without charge.

SERIOUS ACCIDENT TO CALEB THIGPIN

Automobile Caused Them to Run Away, Costing Overseer a Foot.

DRIVER WAS ALMOST KILLED

Taken to His Home in a Semi-Conscious Condition, But Will Recover With Severe Bruises—Removal of Mr. Thigpin's Foot Necessary.

As the result of a pair of mules of the city road team becoming frightened at an automobile on West Liberty street, near the Gainesville and Gulf railroad passenger station, Monday afternoon, Caleb L. Thigpin, a road overseer who is well known throughout Alachua county, is at the hospital minus his left foot, and the driver of the team, a colored man by the name of James McIntyre, is in a dangerous condition at his home on West Seminary street.

Monday afternoon Mr Thigpin, who, with Overseer Waits, is building the road leading west from the city limits to Hogtown creek, came to town to purchase the supply of feed for the teams. He secured the feed, and when on his way back to the camp, so the report goes, the team met an automobile, which speeded suddenly by, frightened the mules, and the result was a runaway.

Neither Mr. Thigpin or the driver suspected that there would be trouble, hence were caught unaware. The mules made a sudden lunge, throwing both occupants out of the wagon. The driver fell in front of the heavily loaded vehicle, when it is said that the wheels of one side passed over him, rendering him for some time unconscious. Mr. Thigpin fell in a position where only one wheel passed over him, according to the best judgment of witnesses, but his left leg was broken and was terribly mangled.

The unfortunate men were in great pain, but soon assistance arrived. Mr. Thigpin was taken to the Odd Fellows' Sanitarium, where several doctors were summoned, and it was found necessary to amputate the left foot, which was cut off about four inches above the ankle.

The colored man was taken to his home, where an examination showed that he was injured in the chest, his left hip was severely bruised, and injuries also resulted in his right knee.

Mr. Thigpin's numerous friends will regret very much to learn of his sudden misfortune. No man in the county has proven himself more efficient, and no man has done more towards the building and maintenance of good roads than he, and the accident will prove a sad and temporary blow to the progress of road-building here. He has just completed the West Gainesville road as far as Hogtown creek, and expected on Wednesday morning to take up the work west of the creek.

Mrs. Thigpin, who resides near Waldo, was notified of the accident by telephone, and arrived in the city on the late Seaboard train. She is now with the patient at the Sanitarium.

Friends of Mr. Thigpin hope he will be out again in a short time. While they regret very much the loss of a foot, at the same time they feel thankful that he escaped with his life.

Death of Mrs. Neal.

E. F. Neal of this city received on Monday the sad information of the death of his wife, which occurred at Chattahoochee on the early morning of that day.

Deceased was considerably advanced in age, and had been for many years a Christian. She removed here with her family from the Micanopy section about a month ago, shortly after which she was sent away for treatment. She is survived by a husband, one daughter and one son, who are residing on West Liberty street, and to whom the sympathy of the community is extended. The remains will be shipped to Micanopy, where the funeral and interment will be held.

Attraction Extraordinary.

Labadie's "Faust" pleased a large audience at the Alcazar last night. All of the characters were exceptionally well played, and the brocken scene was something new and original with Mr. Labadie. It was indeed a surprise and the performance throughout was pronounced to be on an equal footing with the Morrison, if indeed it did not surpass that attraction.—New Castle, Ind.

Men Past Sixty in Danger.

More than half mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." In Mayor's Court.

Bush Tisbett, whom it seemed was determined to get into a scrap with a woman because of his jealously of a rival, was arrested and arraigned in the Mayor's court Monday morning, the charge being fighting and disorderly conduct. He was fined $10 and costs, which was paid.

Steve Ransome, arraigned also on a charge of fighting, was assessed a fine of $5 and costs.

Marshal Pinkoson on Sunday arrested Arthur Walker, a negro, upon information from Ocala that he had stolen a valise from Joseph DeBar. Walker stated that he had borrowed the valise, and after securing telephone communication with DeBar in Ocala it was decided to release the defendant upon surrender of the grip and the payment of the costs in the case.

DEATH BOX SENT JUDGE CARESE

Infernal Machine Kills Justice of the Peace.

Paterson, N. J., Feb. 11.—Justice of the Peace Robert Carese was fatally injured in his office by the explosion of an infernal machine, sent him by the express. The office was wrecked and the detonation could be heard for blocks. The judge died later in the night.

The judge has actively aided the police in the capture of Italian lawbreakers recently.

Judge Carese was 48 years of age, and of Italian descent. His office was at 23 Passaic street. His son, Robert, received the infernal machine., which came from Newark, and was delivered by an American Express wagon. Robert handed the package to his father, who removed the outside wrapper. Inside was another wrapper of paper, made fast with a strap. The judge rested the package on the desk and pulled the end of the strap toward him, so as to loosen the tongue of the buckle. The moment he did so there was an explosion.

A hole six feet square was torn in the floor, and the desk was driven down into the cellar, and torn to pieces. The boy was hurled into a corner, and seriously bruised and burned.

Judge Carese had both legs and both arms broken, his face and body torn and lacerated, and his back apparently broken. He was removed to St. Joseph's hospital, where his ante-mortem statement was made.

ACTUALLY CURES CATARRH.

J. W. McCollum & Co's. Faith in Hyomei is so Strong They Sell it Under Guarantee.

It is one thing to claim, another thing to back up the claim by a statement that if it is not proven true, there will be no charge for the service or the goods.

It is in this way that J. W. McCollum & Co. sell Hyomei, for they have so much faith in the powere to cure all forms of catarrh and bronchial troubles, that they give an absolute, unqualified guarantee with every outfit that if the remedy does not cure, the money will be refunded.

Hyomei is based on nature's way of curing catarrh. It contains the concentrated healing oils and gums of the pine woods, prepared in such form that they can be brought into your own home. It gives the health advantages of the Adirondacks in such form that you can be cured of catarrh and affections of the nose, throat and lungs while at work or at home.

A complete Hyomei outfit costs but $1, and extra bottles, if needed, may be obtained for 50c.

With Hyomei you can cure catarrh pleasantly and easily at small expense, with no risk of the treatment costing a penny unless it cures.

Stevens Denies Report.

New York, Feb. 11.—A Panama dispatch to the Herald states that Chief Engineer Stevens makes emphatic denial of the report that he has said he would resign if the digging of the Panama canal was let to contractors. Mr. Stevens, the dispatch says, has in the past declared that he favored contracting for the canal work, and his latest statement shows that he is still of that opinion.

No Operation

Mrs. Malinda Akers, of Basham, Va,, writes: "I had what doctors call 'prolapse,' and couldn't stand straight. I had pain in my back and shoulders, and was very irregular and profuse. Doctors said an operation was needed, but I couldn't bear the thought of the knife. After taking three bottles of Wine of Cardui, I could walk around. Can now do my housework and am in splendid health."

Cardui is a pure, vegetable, medicinal essence, especially adapted to cure women's diseases. It relieves excessive periodical pains, regulates irregularities, and is a safe, pleasant and reliable remedy for all sick women. In successful use for over 70 years. Try it.

CHARGE AGAINST FAVROT.

Is Indicted for Shooting Dr. Harry Aldrich.

Baton Rouge, La., Feb. 11—Democratic Congressman-elect George K. Favrot has been indicted by the grand jury on a charge of murder for shooting Dr. Harry Aldrich, one of the leading physicians of Baton Rouge.

Congressman-elect Favrot, immediately after the shooting last November, issued a formal statement that he killed Dr. Aldrich for making slanderous statements about Mrs. Favrot. Mr. Favrot has maintained silence since, and Dr. Aldrich's friends have said nothing. Dr. Aldrich was Mr. Favrot's family physician, had been his life-long friend and was generally believed by the poor of Baton Rouge for his kindness.

Congressman-elect Favrot is one of the leading jurists of Louisiana, as well as one of the most popular and powerful of the younger politicians.

Mr. Favrot was judge of the civil district court at the time of the shooting, but resigned immediately. It is a notable coincidence, however, that before the shooting he had appointed the grand jury which has indicted him. The foreman of this grand jury, moreover, is an uncle of Dr. Aldrich's wife.

Arraignment will probably be held Feb. 18.

Judge Brunot, in charge of the case, on Friday began proceedings to prosecute, if possible, those who divulged the fact that the jury had voted to indict. Friday's papers printed this fact, together with the names of the jurors and how they voted, the division being nine to three in favor of indicting. It requires at least nine jurors to indict.

It is reported that the indictment was not finally brought until a strong effort had been made to change the determination taken by the nine jurors.

New witnesses were presented to the jury in the case Friday.

Common Colds Are the Cause of Many Serious Diseases.

Physicians who have gained a national reputation as analysts of the cause of various diseases, claim that if catching cold could be avoided a long list of dangerous ailments would never be heard of. Everyone knows that pneumonia and consumption originate from a cold, and chronic catarrh, bronchitis, and all throat and lung troubles are aggravated and rendered more serious by each fresh attack. Do not risk your life or take chances when you have a cold. Chamberlain's Cough Remedy will cure it before these diseases develop. This remedy contains no opium, morphine or other hurtful drug and has thirty years of reputation back of it, gained by its cures under every condition. For sale by all druggists.

FIFTEEN YEARS OF ECZEMA

Affected Hands, Arms and Legs—Endured Terrible Itching and was Unable to Sleep—Would Tear the Bandages to Scratch the Skin—In less than One Week

CURED BY THE CUTICURA REMEDIES

"I had eczema nearly fifteen years. The affected parts were my hands, arms and legs. They were the worst in the winter time and were always itchy, and I could not keep from scratching them. I had to keep both hands bandaged all the time, and at night I would have to scratch through the bandages as the itching was so severe, and at times I would have to tear everything off my hands to scratch the skin. I could not rest or sleep. I had several physicians treat me but they could not give me a permanent cure, nor even could they stop the itching. After using the Cuticura Soap, one box Cuticura Ointment and two bottles Cuticura Resolvent for about six days the itching had ceased, and now the sores have disappeared, and I never felt better in my life than I do now. Edward Worell, Band 30th, U. S. Infantry, Fort Crook, Nebraska."

The most torturing and disfiguring humors, eczemas, rashes, itchings, irritations, and inflammations of the skin, scalp, and blood, with loss of hair of infants, children, and adults, are instantly relieved and speedily cured by the Cuticura Remedies, when all else fails.

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults consists of Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Pills (Chocolate Coated 25c., per vial of 60) to Purify the Blood.

Brownsville Investigation Slow.

Washington, Feb. 11.—The inquiry into the Brownsville case, by the senate committee on military affairs, may continue at intervals for several months. Many men for whom subpoenas have been issued, have not been found and others are in Texas attending the courtmartial of the white officers of the discharged negro battalion. The investigation has proceeded far enough to convince the members of the committee that the only way to get at the bottom of the affair is by the slow process of examining every man to see what he knows. Thus far only a few members of companies B and D have been on the stand and no evidence has been secured indicating that these men were guilty of the offense charged against them.

Neighbors Got Fooled.

"I was literally coughing myself to death, and had become too weak to leave my bed, and neighbors predicted that I would never leave it alone; but they got fooled, for thanks be to God, I was induced to try Dr. King's New Discovery. It took just four one-dollar bottles to completely cure the cough and restore me to good sound health," writes Mrs. Eva Uncapher of Grovertown, Stark Co., Ind. This King of cough and cold cures, and healer of throat and lungs, is guaranteed at all druggists'. 50c and $1.00. Trial bottle free.

Endorses Income Tax.

Paris, Feb. 11.—M. Cochery, ex-minister of finance, in an interview warmly endorsed finance Minister Caillaux's income tax project. He believes the bill probably will be modified but says it forms an excellent basis for a direct system of taxation. M. Cochery considers that the tax on rentes is justified and expressed the opinion that the bourse campaign against the measure is inspired by those working to secure the exemption of foreign government securities particularly Russians.

RULING OF APPELLATE COURT.

Auto Drivers Will Have To Be Care-Careful How They Frighten Horses

Atlanta, Feb. 11.—According to appellate court law, it looks as if automobiles have no right to scare teams and cause them to run away without paying the damages.

A decision on this point was rendered Friday by the state court of appeals in the case of G. S. Murphey versus James Meacham, by his next friend, from the city court of Richmond county.

It seems that young Meacham was driving a wagon when an automobile driven by G. S. Murphey came along and frightened his horse. The accident caused an injury to Meacham, as a result of which he got a verdict for $500 in the city court of Richmond county.

In its final decision in the matter the state court of appeals holds that the lower court was right and that the verdict must stand.

According to this decision, which, to an extent fixes the law, automobiles will have to be pretty careful about how they frighten horses.

A Habit to Be Encouraged.

The mother who has acquired the habit of keeping on hand a bottle of Chamberlain's Cough Remedy, saves herself a great amount of uneasiness and anxiety. Coughs, cold and croup, to which children are susceptible, are quickly cured by its use. It counteracts any tendency of a cold to result in pneumonia, and if given as soon as the first symptoms of croup appear, it will prevent the attack. This remedy contains nothing injurious and mothers give it to little ones with a feeling of perfect security. Sold by all druggists.

Claims His Land Is Ruined.

Savannah, Ga., Feb. 11—The hearing on the demurrer in the case of Fletcher A. Exley against the Southern Cotton Oil Company, in the United States court, resulted in the court taking the matter under advisement. Mr. Exley is suing for $32,045 damages for injuries done to his farming land by the discharge of chemically polluted water upon it from the cotton oil company's plant, and for $25,000 damages for the loss of prospective crop profits for 25 years, it being claimed that some of the most valuable of the land cannot be restored to fertility for that period of time.

The President seems to think that the State of Oklahoma should invest in a ready constitution writer.

It is announced that the earthquake will not interfere with the output of Jamaica rum. No, it will only cut off that which has been coming from Jamaica.

George Bernard Shaw's popularity as an author seems to be largely based on the curiosity of the public as to whether or not he will give himself away in his next book.

This is Mardi Gras week in Pensacola, and the Deep Water City is in gaily attire. The big-hearted people of Pensacola never do things by halves and the present celebration eclipses all previous ones.

A Washington paper says the President admits that Mr. Hanks was the only man who ever "put him out." It will be noted that this does not include Mrs. Storer, who managed to do something in that line.

It seems that the $400,000 raised by bonding Hillsboro county for the construction of hard roads did not go very far, some of the roads costing as much as $15 000 per mile and now being in a worthless condition. It is claimed that the grafters got the money, while the people get the experience.

There is no doubt but that J. Walter Kekoe, prosecuting attorney for the Pensacola circuit, will oppose Congressman Lamar for renomination in 1908. Mr. Kekoe is one of the brainiest and most popular men in West Florida, and General Lamar will have to do some hard work if he retains his seat in Congress when Kekoe goes after him.

The city of Gainesville some years ago granted an electric lighting franchise to a private concern. The private concern put in a plant and turned on the lights, and most ever since that good day the citizens of the town have been complaining of high rates for lighting, and we guess they have good reason to kick. What Gainesville ought to have done was to follow the example of Starke, Jacksonville and other cities by putting in its own electric lighting plant.—Starke Telegraph.

The DeSoto County Advertiser, published at Wauchula, says the initials of the next Governor of Florida are to be found in the first letters of Arcadia, Wauchula and Gainesville; whereas The Pensacola Journal contends that they are composed of the first letters forming the words, Tampa, Arcadia and Jacksonville. Well, The Sun would not be surprised to see the initials of our next Governor composing the first letters forming the counties of Escambia, Sumter and Clay. He's the man of all men for the place.

PURE FOOD JOKER.

The Pure Food Bill was passed by Congress last session after a memorable fight. If enforced properly it will prove of great benefit to every individual. But at this time the friends of this most necessary reform are called on to meet a determined flank attack.

Representative Tawney of Minnesota succeeded in having the following restriction attached to the appropriation made for the enforcement of the law:

"Provided, that no part of this sum shall be used for the payment of compensation or expenses of any officer or other person employed by any State, county, or municipal government."

Now if this provision be enacted into law, it will prohibit the Secretary of Agriculture from employing any one of the vast numbers of trained scientists that have been developed in the different State pure food departments and in municipal health offices. It would take years of time and millions of money to develop an entirely new organization equal in efficiency to this body of men ready at hand.

With this restriction the appropriation of six hundred and fifty thousand dollars will be ridiculously inadequate, and surely that fact was known to Representative Tawney, and to Representatives Fitzgerald of New York, Sullivan of Massachusetts, and Crumpacker of Indiana, who helped him put through this totally unjustifiable amendment. It is to be hoped the Senate Committee on Agriculture and Forestry will cut out the "joke."

STRAWBERRIES.

The luscious strawberry, for which Starke and Lawtey have become famous, is now going to market in large quantities. Referring to shipments The Starke Telegraph of February 8th says:

"The strawberry shipping season of 1907 was opened this week with shipments aggregating up to Thursday about two hundrds bushels.

"The growers adjacent to Starke agreed among themselves to make a picking Wednesday in order that they could combine their fruit and fill up full crates. They brought in the berries in quantities ranging from four quarts to two bushels, and the aggregate result of the day's picking was seventy-seven bushels. Lawtey forwarded two shipments during the week of more than forty bushels each, and Hampton and Theresa both made small shipments, so that the week's shipments was perhaps not less than 200 bushels.

"In Starke the berries brought $5 to $6 ber bushel at the station, but most of the growers shipped on consignment, believing they would receive fancy prices for their fruit.

"The berries are fine and the plants are heavily loaded with both bloom and fruit, giving promise of an unusually large yield.

"Judging from the shipments this week there will be plenty of days during the season that the shipments from the county will amount to five thousand bushels, and these shipments will each bring anywhere from $25,000 to $40 000.

"On with the dance."

Whatever may be thought of the Democratic chances in the next Presidential election, they are certainly not bothered with as large a field to choose from as are the Republicans.

Conspicuous.

The minister had preached to the graduating class of a girls' college. The girls of the class were on the platform all round the pulpit and all dressed in white.

"I felt," confessed the preacher to his wife when he got home, "like a crow on a snowdrift."

Catarrh Cannot be Cured

with local applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials free.

COMIC SUPPLEMENTS DOOMED

The Postal Commission, says The Palm Beach News, recommends that the comic supplements of the newspapers be denied the mails at press rates. The abolishment of Buster Brown, the Katzenjammer Kids and all the galaxy so dear and so corrupting to the childish heart would make easier the task of the parent and the school teacher. Millions of dollars are spent annually in the public schools to teach children the English language, good manners and decent morals, but the Sunday supplement is a very potent factor in undoing the work. The argument that children love the comic supplements and cry for them is just about as good a reason for furnishing them with the baneful literature as to gratify a similar demand on their part when the object is a loaded pistol.

DO YOU GET UP
WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address Binghamton, N. Y., on every bottle.

LIVE LIKE A KING.

It's Not a Difficult Matter In a Modern New York Hotel.

No crowned head ever pillowed itself for a night's lodging with the satisfaction of knowing that under the same roof there were a thousand persons paid to look after its safety, comfort and luxury, unless that crowned head found itself in a modern New York hotel, where a regiment of "help" is employed, consisting of clerks, chefs, pastry cooks, meat cooks, bakery men, soup cooks, detectives, watchmen, engineers, electricians, plumbers, carpenters, laundrymen, doormen, porters, butlers, waiters, stewards, wine and cigar experts, decorators, messengers, waiting maids and chambermaids.

Any person with $4 in his pockets can have the advantages of this regimental array of servants for one day by paying the price of a room at any of the greater hotels recently constructed in the metropolis, though, of course, $4 is the lowest figure. Many of the rooms cost double that sum a day, and some of the state apartments, with bedrooms, gorgeous parlor, private dining room and bath, are not let for less than $100 or $125 a day. Even the four dollar rooms have baths, but the price of room or apartment does not include meals.—Remsen Crawford in Success.

For Biliousness and Sick Headache

Take Orino Laxative Fruit Syrup. It sweetens the stomach, aids digestion and acts as a gentle stimulant on the liver and bowels without irritating these organs. Orino Laxative Fruit Syrup cures biliousness and habitual constipation. Does not nauseate or gripe and is mild and pleasant to take. Remember the name Orino and refuse to accept any substitute. J. W. McCollum & Co.

It Pays to Be Cheerful.

The spirit of cheerfulness is sometimes the result of a happy temperament whose nerves have never been disturbed by loss, sickness or calamity. Sometimes it is the abundance of youth still finding a surplus of vigor after the toils of the day. Sometimes it is the expression of character which from the reserves of its own nature and experience is able to preserve a cheerful disposition under even the most discouraging circumstances and face life always with hope and good cheer. Such a character is a strength and a defense not only to him who has it, but to all his associates and to all who feel his influence. They are the watchtowers of humanity, whose lights shine through the dark night of human struggle and whose word is an inspiration of hope and encouragement.

MORTON RIDDLE SUCCEEDS FORD

Superintendent Third Division Atlantic Coast Line.

CIRCULAR QUITE A SURPRISE

To Employes of the Third Division, When It Was Announced that Superintendent Ford Had Been Transferred to Wilmington, N. C.

The Times-Union of Sunday, 10th inst., has the following to say in regard to railroad changes, which will prove of interest to the people of this section:

"There was quite a stir in railroad circles late Saturday afternoon when official circular No. 12, sent out from General Manager W. N. Royall's office, in Wilmington, N. C., was received, announcing that General Manager H. A. Ford, of the new third division of the Atlantic Coast Line, with headquarters in Jacksonville, has been assigned to other duties.

"The official circular is dated Feb 7, and the changes are effective today. Morton Riddle, general superintendent of the second division, south of Savannah, has been appointed general superintendent of the third division here, succeeding Mr. Ford.

"The circular further announces that J. N. Rand, superintendent of transportation at Savannah, has been appointed general superintendent of the second division to succeed Mr. Riddle.

"At the headquarters of the third division the employes could not tell just what Mr. Ford's new duties would be, but they stated that they were positive that it was a promotion for Mr. Ford. The official circular states that Mr. Ford will report to General Manager Royall in Wilmington, and it is believed that his headquarters will be in that city."

Mr. Ford spent Saturday and a part of Sunday with friends in Gainesville, but never intimated any change of his position. As a consequence the change will be a surprise to the people of this section, all of whom, however, will extend congratulations on the promotion.

A Bold Step.

To overcome the well-grounded and reasonable objections of the more intelligent to the use of secret, medicinal compounds, Dr. R. V. Pierce, of Buffalo, N. Y., some time ago, decided to make a bold departure from the usual course pursued by the makers of put-up medicines for domestic use, and so has published broadcast and openly to the whole world, a full and complete list of all the ingredients entering into the composition of his widely celebrated medicines. Thus he has taken his numerous patrons and patients into his full confidence. Thus too he has removed his medicines from among secret nostrums of doubtful merits, and made them *Remedies of Known Composition.*

By this bold step Dr. Pierce has shown that his formulas are of such excellence that he is not afraid to subject them to the fullest scrutiny.

Not only does the wrapper of every bottle of Dr. Pierce's Golden Medical Discovery, the famous medicine for weak stomach, bad liver or biliousness and all catarrhal diseases wherever located, have printed upon it, in *plain English*, a full and complete list of all the ingredients composing it, but a small book has been compiled from numerous standard medical works, of all the different schools of practice, containing very numerous extracts from the writings of leading practitioners of medicine, endorsing *in the strongest possible terms*, each and every ingredient contained in Dr. Pierce's medicines. One of these little books will be mailed free to any one sending address on postal card or by letter, to Dr. R. V. Pierce, Buffalo, N. Y., and requesting the same. From this little book it will be learned that Dr. Pierce's medicines contain no alcohol, narcotics, mineral agents or other poisonous or injurious agents and that they are made from native, medicinal roots of great value; also that some of the most valuable ingredients contained in Dr. Pierce's Favorite Prescription for weak, nervous, over-worked, "run-down," nervous and debilitated women, were employed, long years ago, by the Indians for similar ailments affecting their squaws. In fact, one of the most valuable medicinal plants entering into the composition of Dr. Pierce's Favorite Prescription was known to the Indians as "Squaw-Weed." Our knowledge of the uses of not a few of our most valuable native, medicinal plants was gained from the Indians.

As made up by improved and exact processes, the "Favorite Prescription" is a most efficient remedy for regulating all the womanly functions, correcting displacements, as prolapsus, anteversion and retroversion, overcoming painful periods, toning up the nerves and bringing about a perfect state of health. Sold by all dealers in medicines.

"Book of Mormon."

The "Book of Mormon" has been proved to be a literary plagiarism, being a free paraphrase of a romance written by the Rev. Solomon Spalding in 1816, the manuscript of which came into the possession of Joseph Smith, and he, sitting behind a curtain, dictated it to Oliver Cowdery, who, seated out of sight of the reader, wrote the matter as it was given him. Smith pretended that the book was discovered to him by revelation and dug up from the side of a hill not far from Palmyra, in the county of Ontario, N. Y. The claim was made by Smith that the writing on the plates was engraved in "reformed Egyptian," which he was unable to read until magic spectacles, which he called his Urim and Thummim, were given to him, enabling him both to read and translate into English. The spectacles and the metal plates have disappeared, and the story of the dictation makes tolerably clear the manner in which the "Book of Mormon" had its origin.

Rising From the Grave.

A prominent manufacturer, Wm. A. Fertwell, of Lucama, N. C., relates a most remarkable experience. He says: "After taking less than three bottles of Electric Bitters, I feel like one rising from the grave. My trouble is Bright's disease, in the Diabetes stage. I fully believe Electric Bitters will cure me permanently, for it has already stopped the liver and bladder complications which have troubled me for years." Guaranteed at all druggists'. Price only 50c.

Color and Light.

The peculiar simplicity of the country darky in the south is illustrated by a story told by a congressman.

An old negro had gone to a postoffice in Mississippi and offered for the mail a letter that was over the weight specified for a single stamp.

"This is too heavy," said the postmaster. "You will have to put another stamp on it."

The old darky's eyes widened in astonishment. "Will anudder stamp make it any lighter, boss?" he asked.—Harper's Weekly.

Gas in the Stomach.

Belching and that sense of fullness so often experienced after eating is caused by the formation of gas. The stomach fails to perform its functions and the food ferments. Hunting for Trouble.

"I've lived in California 20 years, and am still hunting for trouble in the way of burns, sores, wounds, boils, cuts, sprains, or a case of piles that Bucklen's Arnica Salve won't quickly cure," writes Charles Walters of Alleghany, Sierra Co. No use hunting, Mr. Walters; it cures every case. Guaranteed at all drug stores. 25c.

AN EXECUTION IN INDIA.

The Way a Man Guilty of Murder Underwent Decapitation.

A letter from India to a German paper gives this account of the execution near Bombay of a man who had been found guilty of the murder of his brother-in-law: "The question as to whether the culprit should be executed or sent to prison for life was, as is the custom, submitted to the family of the murdered man for decision. All, including the wife of the murdered, voted for death. When the place of execution was reached the condemned man knelt, and the ropes which were fastened to him were handed over to the executioner's assistants. The one who held the neck rope took a few steps before the kneeling man and the other two stood at either side. Then the executioner, armed with a razor edged, heavy knife, advanced and asked in a loud voice, 'Who authorizes the execution?' and the chief of police answered, 'The law.' The question was asked and answered three times, while the armed man advanced, slowly swinging the mighty blade. As the last answer was heard an assistant executioner thrust a needle point into the kneeling man's back and he made an involuntary motion forward with his head. The three ropes were pulled taut, leaving the neck extended to the utmost. At the same instant the knife whirred through the air and the head of the murderer rolled in the sand."

A Valuable Lesson.

"Six years ago I learned a valuable lesson," writes John Pleasant of Magnolia, Ind. "I then began taking Dr. King's New Life Pills, and the longer I take them the better I find them" They please everybody. Guaranteed at all druggists'. 25c.

DIRECT FROM OUR DISTILLERY

WILLOW DALE WHISKEY

4 FULL QTS. $2.85 EXPRESS PREPAID

Send us $2.85 and we will ship you in a plain case with no marks to show contents, four full quarts of **WILLOW DALE RYE**, express prepaid. Try it and if you don't find it all right and the best you ever tasted, send it back to us at our expense and your $2.85 will be promptly refunded. Isn't that a fair offer?

Remember we are distillers, so when you buy from us you save the enormous profits of the dealers and avoid all chance of adulteration. You are sure of getting our whiskey just as it comes from our distillery, without being tampered with in any way.

If you prefer corn whiskey, we will send you four full quarts of our **ALLAN SINCLAIR'S CORN WHISKEY for $2.80**, express prepaid. You can't buy a better corn whiskey from anybody else at any price.

Our guarantee of perfect satisfaction or money refunded goes with every shipment we make. You run no risk when you deal with us as the owners of our company have resources of a million dollars and will do exactly as we say.
